# MTEC International Mission House

*Mentoring the Next Generation to Reach the Nations*

MTEC INTERNATIONAL

Volume July 2015

*Sunday  
September 20,  
2015  
MTEC Open  
House  
1pm to 5 pm  
Come on up!!!*

*Our Allegheny College students had an amazing cross cultural experience living in the village of Wang Pa Pao. We slept in tree houses with mats for beds. The team worked so hard and showed great grace to one another. They came to work and serve and I am so proud of them. The students are Environmental Science or Engineering majors and will receive 4 credits from Allegheny College for their work.*

*July at the Mission House has been a whirl of activity!*

*We've had missionaries visit from China and Japan. Many former students have used the Mission House as a retreat for their families.*

*August will be the busiest month of all. Visitors will be coming from China and students will be returning.*

*Our aquaponic system is producing fresh vegetables and herbs to help feed the many who pass through our door.*

*I love to come and visit the Mission House because I always know that I will find open arms and a warm personal welcome from Sharon and Charlie. I cannot tell you how much that means to me.*

*As a missionary kid, the concept of "home" will always be a little difficult to pin down. It is so nice to know that one piece of home can be found at the Mission House.*

*I have been blessed again to stay at the mission house for a couple of weeks and to find a sense of peace, a few days of retreat, and the prayerful support that I needed. "*

*Thank you to everyone who helps make this possible. — Kristina Okerman, Former Student*

*There is a God*

*He has a Son*

*His name is  
Jesus*

*He loves you*

*He died for you*

*He rose again*

*He has prepared a  
place for you to be  
with Him forever*

*He wants all  
to hear His story*

*He will  
return again*
